CONDITIONS OF SALE

COMMISSION

1. A buyer's commission of 10% of the hammer (selling) price will be added, and becomes part of the total purchase price to be paid by the buyer.

BIDDING

2. All Bids are per lot, as numbered herein. We reserve the right to withdraw any lot prior to the sale.
3. The highest bidder shall prevail. It is the sole right of the Auctioneer to settle any dispute between bidders, to offer for resale any lot under question and to regulate the bidding. The auctioneer also reserves the right to refuse any bid he believes not to have been made in good faith.
4. Each lot in this sale has both a current estimated value and a minimum bid price. The estimated value (in parentheses) is intended as a guide to assist you in your bidding, while the minimum bid (in bold) is the lowest acceptable bid for the lot.
5. Your bid, either written or oral, grants HRN the authority to protect you up to the amount of the stated bid (or percentage increase as provided for on your bid sheet).
6. The current bid is determined by taking the second highest bid, then increasing it by one bidding increment.

Increments will be as follows:

Up to \$100 — increments of \$5	\$1,500 to \$3,000 — increments of \$100
\$100 to \$300 — increments of \$10	\$3,000 to \$7,500 — increments of \$250
\$300 to \$500 — increments of \$20	\$7,500 to \$15,000 — increments of \$500
\$500 to \$1,000 — increments of \$25	\$15,000 and over — increments of \$1,000
\$1,000 to \$1,500 — increments of \$50	

Example — you bid \$1000 on a lot, which is the highest bid received. The second highest bid is \$500—the current bid is yours at \$525. Any other bid received below \$1000 will automatically be topped by the auctioneer bidding for your account.

7. We would appreciate it if bids are not offered in odd amounts. Such bids will be automatically reduced to the lowest acceptable increment (\$102.34 becomes \$100.00).
8. In the event of tie bids, the earliest bid received will be adjudged the winner.
9. Incoming phone bids will be accepted up to 5:30 P.M., New York time, on the closing day August 4th, 1993. Any calls already on hold at that time will be accepted. Calls coming in after 5:30 P.M. will not be honored.

The mail is not always prompt. If the sale date is less than one week away, please call or FAX your bids in. Please call in your questions about lots at least one day prior to the closing day. Otherwise, we may not be able to spend as much time with you as necessary, due to the last minute rush.

10. **Call Back Service:** If you desire a call back on any lot you have bid on, please place a check on your bid sheet next to those lots. Any lots that have not been resolved prior to the closing time, will be resolved by call backs over the next few days, during regular business hours. Please indicate the telephone number, on your bid sheet, where you can be reached between 10:00 A.M. - 5:00 P.M. New York time. Bidder will forfeit call back rights if we are unable to reach you. You may, in addition, call us as a call back. **No call backs will be executed on any lots at bidding levels under \$100. Call back privileges will be awarded to the top three bidders only. Minimum bids do not qualify you for call backs. Submitted bids must be at least 20% over minimum bid to qualify for call backs!**
11. Pledged bids will not be disclosed by the auctioneer, only the current high bid.
12. You will be permitted to increase bids only on lots that you have placed bids on up to 5:30 P.M. of the closing day. No bidding will be permitted on additional lots which you have not placed a bid on prior to the closing time, during the call back period.
13. You may call at any time prior to the closing of the sale to check the status of your bid. At that time you will be informed of the highest current bid. You may then, of course, raise your bid if you desire.

14. Since the mail is not always dependable, and in order to give our clients more personalized service, we strongly recommend that you call your bids in. We will be happy to assist you with your bidding, answer any questions or give more exact descriptions of the lots.
15. HRN as cataloguer and auctioneer reserves the right to offer at this sale its own material and also may bid on any lot for its own account. Consignors also have the right to bid on their own material.

PAYMENT

16. Payment shall be in U.S. Funds. All bidders, via mail or telephone shall pay for their lots in advance of delivery unless prior arrangements have been made. Successful mail bidders shall be notified of lots won and must remit prior to lots being shipped. A charge for postage, insurance and handling shall be added, as well as appropriate New York State Sales Tax where applicable. Exemption Certificates must be on file with us prior to the sale. Receipt from a reputable carrier shall constitute delivery by us.
17. Title shall not pass until payment in full for won lots has been received. A late charge of 1½% per month shall be imposed on overdue payments.
18. Disposition of any lot not picked up thirty days after billing date shall be at the discretion of Harmer Rooke.
19. Placing of a bid shall constitute an agreement between buyer and seller and acceptance of the foregoing terms.

GUARANTEES

20. All items offered in this catalogue are guaranteed as to date, mintmark, metal, specialized catalogue number (such as Sheldon) attribution and of course, authenticity. Lots on which description is incorrect according to the above, are returnable with advance permission from HRN. Disputed lots must be returned intact in their original containers, within 10 days of receipt. Lots are not returnable for any reason (other than a question of authenticity) if:
 - a) You viewed the lot prior to the sale.
 - b) The lot contains more than one coin.
 - c) A photograph of the lot in question appears in the catalogue and clearly shows any defect not noted in description.
 - d) You cannot afford the lot. Bids placed in an auction are legally binding. Please check your finances prior to bidding.
 - e) You simply do not like the coin even though the description is correct. An auction sale is NOT an approval sale and is NOT conditional.
 - f) More than thirty days has elapsed since the day of the sale.

DESCRIPTION

21. The grading of any coin is a matter of interpretation of the features of that coin as seen by the grader. Grading is NOT an exact science but an art. It is a blending of what the grader sees added to his knowledge of coins in general and of the specific characteristics of the coin in question, plus his experience and awareness of current grading practices as well as market conditions. The grades represented herein are a reflection of our experience and expertise in the art (not science) of grading and our awareness of the numismatic field at this particular time. They reveal our best opinion of the state of preservation of the item, and are in accordance with most presently used guides on grading as we interpret them. No warranty, expressed or implied, is extended to such opinions and interpretations. Finally, please be aware of the price paid for a coin. In many cases a lot may not meet your expectations, but you have purchased it for a substantially reduced price. Please keep this in mind when deciding if a lot is satisfactory.

UNUSUAL OFFERING OF U.S. MINT SETS

The following eight lots appear to be hand selected Mint Sets put together at or close to the time of issue. They are comprised of one of each denomination from each Mint for that particular year. Similarities in toning and condition show much care and knowledge in their assembly. The Government did not release business strikes in sets for these years and it is quite unusual to find them assembled privately. All coins are in Choice to Gem BU condition with varying degrees of individual toning. You may call or fax for more specific descriptions.
